河间市华存汽车配件有限公司
HEJIANSHI HUACUN AUTO PARTS CO.,LTD

COMPANY PROFILE <<<

Hejian huacun auto clutch co.,ltd was founded in 2000, is a professional manufacturer of automobile clutch and the driven wheel manufacturer, R & D, production, service as a whole. More than 100 kinds of products, product specification 250–430, annual production capacity of up to hundreds of thousands of sets.

The company now has all kinds of small medium and large stamping machining, heat treatment and other advanced equipment, driven disc drag separation test machine. The pressure plate assembly comprehensive detection machine, driven disc fatigue testing machine, spring diaphragm fatigue testing machine. The pressure plate dynamic balance detection machines and other detection equipment, to ensure the quality of the products. Our system to detect the strict, complete production process, advanced equipment, scientific management system, so that each product can meet customer requirements.

We always adhere to the "people-oriented, quality policy, refine on" is to continuously improve the product quality. And quality after sale service has won wide acclaim from the users, the company sincerely welcome domestic and foreign customers call, letter calls business negotiations, to establish long-term friendly relations of cooperation.
